How to separate used paper items

If separated properly, paper items can go from being "trash" to "<u>valuable resources</u>". Please give us your support by separating items correctly and making full use of these resources.
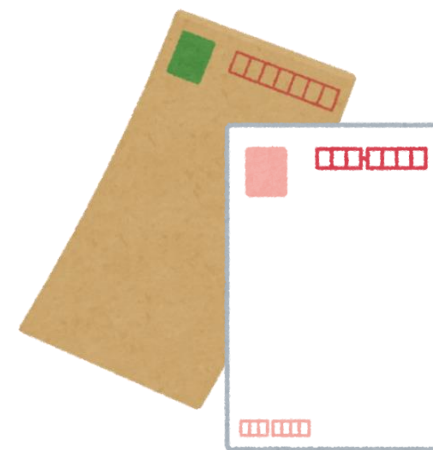

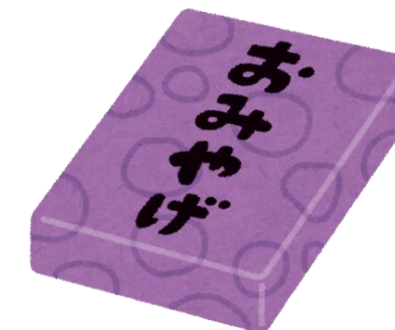

newspapers

cardboard

calendars
★remove any metal o plastic parts

envelopes, postcards
★remove any plastic parts

wrapping paper

paper tubes from toilet paper, plastic wrap etc.

magazines, books

juice boxes
★opened up
※only boxes that are white on the inside

paper bags
★remove any plastic parts
